TCS-2394-57
26 November 1957

MEMORANDUM TO: TCO/CIA
FROM : TCO/OCI
THROUGH : TCO/DDI
SUBJECT : Request for Clearance for [redacted]

50X1

1. Authorization is requested for an additional TALENT cleared position in Air Branch, Military Division, Sino-Soviet Bloc Area, OCI to be occupied by [redacted]

50X1

2. In this position, [redacted] is responsible for analysis of intelligence on air facilities in the USSR and East European Satellites, maintaining liaison with air facilities branch of the Office of the Assistant Chief of Staff for Intelligence, USAF (which is the organization in the intelligence community which has the last word on air facilities problems), integrating air facilities information with other military and economic intelligence and reporting significant items in appropriately classified form.

50X1

3. TALENT materials provide a vast new dimension to the knowledge of Soviet/Satellite air facilities derived from other sources. [redacted] access to TALENT will not only promote current intelligence exploitation of TALENT air facilities information per se but will also enable her to make available to other TALENT cleared analysts in Military Division, information contributing to analysis of other aspects of Soviet air capabilities.

50X1

4. [redacted] has SI and Special Air Force clearances.

50X1

5. The Acting Assistant Director, Current Intelligence has certified that the MUST KNOW principle is being applied in connection with this request.

POSITION APPROVED
